

KEY FEATURES

EXTREMELY COMPACT Compact in size but big on sound

TIMELESS DESIGN

Minimalist design using beautiful glass valves and an all aluminium sandblasted finish enclosure

UNMATCHED SOUND REPRODUCTION

Tube technology produces a warmer and more natural sound that is still unsurpassed by modern amplifier technology

PREMIUM QUALITY COMPONENTS

Every component used has been selected for quality, performance and stability

DESIGNED FOR PREMIUM HOME AUDIO

Perfectly suited for small home theater setups

EASY INSTALLATION

The user manual contains clear and precise illustrations which show every step of the installation process
